LESS FRUSTRATION

Immediately actionable learning!

What you will learn?

Shortcut and hack packed-session full of practical tips and take-aways that the entire audience will be bursting to put into practice the next day.

EVERYDAY PRODUCTIVITY SESSIONS ONE

- PowerPoint productivity hacks to speed you through everyday functions in every presentation. What you do every day, just faster and without frustration.
- The rules for great layout and composition.
- Understanding your corporate colour template.
- Using and sourcing icons

FANCY PANTS STUFF SESSION TWO

- Spicing up your presentation with graphics, avatars and photographs (but not making it look like a school project)
- Removing and extending backgrounds
- Creating new shapes, including roadmaps and documents to support Agile continuous delivery practices.

TELL THE STORY SESSION THREE

This session is about tailoring your content to your audience and being concise.

We look at the best ways to present information to different audiences to make it look awesome, grab attention and have your information understood and remembered.
